

«What is the motivation for a Greek Bank to take environmental responsibility?

What are the business areas where environmental concern plays a role»

**Evangelos Athanasiou
Deputy General Manager**

**UNEP FI CEETF Conference:
“What is the Environmental Responsibility of Banks? ”
June 22, 2006 Athens**

The case of Emporiki Bank

1. Motivation to improve our environmental responsibility.
2. Our environmental impacts.
3. Measures implemented to improve our eco-performance.
4. Our corporate sustainability assessment

1. Motivation to improve our environmental responsibility

- ✓ Our environmental principles
- ✓ Climate Change
- ✓ Our business objectives
- ✓ Anticipated Benefits

2. Our Environmental Impacts

- Direct impacts:
- Indirect impacts:

3. Measures implemented

- Environmental Management System in place.
- Environmental criteria integrated to credit policy.
- Project Financing, expertise in the energy sector.

4. Corporate Sustainability Assessment

- FTSE4GOOD suggested implementation of full Environmental Management System. We do so.
- Dow Jones Sustainability Index: Emporiki Bank 34% against 32% of average of banking sector on a global basis.
- Emporiki Bank member of Ethibel Sustainability Index

Thank you.
