Melbourne Oct 07

Discussion

- Clean energy
 - The technology / infrastructure differentiation
 - The main drivers
 - Feed-in tariffs, incentives, conducive policies
 - Obstacles
 - Renewables & grid parity, fear of the unknown, limited scale
- 
- 

Melbourne Oct 07

Discussion

- Is the focus on carbon funds at the expense of project finance
 - Is there clarity in the market and the opportunities it offers?
 - Investing in the market
 - Trades, funds, other vehicles
 - Are we making real progress or does the market need some new approaches?
-
