## Driving action for real economy transition

PRB banks outperform peers in sustainability ratings

As a leadership community, PRB signatories outperform industry peers in ESG ratings (MSCI). **66% of PRB banks rated ESG leaders** vs. 28% of non-PRB banks.

Source: MSCI Institute

PRB banks are accelerating real economy change

Almost 90% of PRB banks offer sustainability-related financial products vs. 46% of non-PRB banks (MSCI). \* 75% of banks have a client engagement policy or process in place (UNEP FI).

\*Source: MSCI Institute

PRB banks are innovators and norm-influencers

Over 70% use the impact analysis tool developed jointly by UN and PRB Signatories, which now is also being used to apply the EU's double-materiality approach.

Source: UNEP FI

PRB banks evidence strong governance

Nearly all PRB banks have sustainability oversight at board or CEO level, with 52% linking remuneration to sustainability metrics.

Source: UNEP FI

PRB banks align business strategy with sustainability ambition

On average across key sectors and themes, PRB banks are **5x more likely to adopt specific environmental credit-risk policies** than non-PRB banks (MSCI).
