Future of Carbon Markets
Innovative Deals from PoA to REDD

5th November 2010
Deven Pillay
1 MINUTE CARBON QUIZ!

1. ACAD
2. GEF
3. ICERs
4. MoC
5. SOP
6. SIDS
7. LDC
8. COP/MOP
9. SSC A/R CPA
10. ICL
1 MINUTE CARBON QUIZ!

1. ACAD = African Carbon Asset Development
2. GEF = Grid Emission Factor
3. lCERs = Long-term certified emission reductions
4. MoC = Modalities of Communication (with CDM EB)
5. SOP = Share of proceeds from the clean development mechanism project activities for 1) administration or 2) adaptation
6. SIDS = Small Island Developing States
7. LDC = Least Developing Countries
8. CoP/MoP = Conference of the Parties serving as the Meeting of the Parties to the Kyoto Protocol
9. SSC A/R CPA = Small-scale afforestation and reforestation CDM programme activity
10. ICL = International Carbon Ltd
INTERNATIONAL CARBON LTD

An African carbon development, trading and advisory company, with expertise in the fields of carbon and energy.

Advisory
• Strategy and Technology Consultancy for low Carbon options

Capacity Building
• Design and implement training and capacity building programs

Financial
• Work with financial institutions to provide unique and innovative financial solutions to the customer.

Development
• CDM Cycle Management
• CDM project development: origination and development of CDM projects in Africa, with strong and established technology partners
FUTURE OF CARBON MARKETS

• World Financial Markets
• The Carbon commodity
• Post 2012
• Eligibility:

Copenhagen Accords
  - Opportunities to use markets
  - Recognises the crucial role of REDD
  - Funding for LDCs, SIDS and Africa

EU-ETS direction
  - To restrict CERs to certain project types and countries (LDCs and SIDS)
INNOVATIVE DEALS

- Structuring of Projects
  - Integrity of Projects
  - Bankability
  - Associated/Percieved Risks

- Carbon Finance

- CDM Approach: PoA

- Africa: smaller, simpler, relevant solution (e.g. SWHs, Cooker stoves, off grid)

- Developments in LULUCF ("sink credits")
FOR POA...

• How it works?
• Structuring the programme
  (technical design, M&V, management, financing)
• Financing
• Case Studies
FOR LULUCF...

• Afforestation/Reforestation
• REDD
• Land-use: cropland, grassland, etc.
• Case Studies
Thank You!
