   - Butch Bacani, UN Environment (50 min)
   How can the FRA support the integration of the PSI in the local insurance agenda?
   - Sina Hbous, FRA (10 min)

1530-1550
Break

1550-1750
3. Roundtable discussion with all participants: Shaping the sustainable insurance agenda in Egypt

Moderator
   - Butch Bacani, UN Environment and Sina Hbous, FRA

Guide questions:
1. What are key environmental, social and governance issues for the Egyptian insurance industry?
2. How are these key environmental, social and governance issues being assessed and addressed in the context of risks and opportunities across the following activities:

- Risk management (risk assessment, risk analytics and modelling, risk reduction)
- Insurance (across lines of non-life and life & health insurance)
- Investment (across asset classes)
- Insurance regulation and supervision

3. What are practical ways to build Egyptian insurance industry knowledge and capacity on environmental, social and governance issues across risk management, insurance and investment strategies and practices?

4. What role can the Insurance Federation of Egypt and the Egyptian Financial Regulatory Authority play in promoting sustainable insurance thinking and practice?

5. What are practical next steps to shape the sustainable insurance agenda in Egypt?

6. How can the Egyptian insurance industry contribute to shaping the sustainable insurance agenda in the wider Middle East & North Africa region?

1750-1800

4. Closing remarks
- Dr Mohammed Omran, Egyptian Financial Regulatory Authority
- Butch Bacani, UN Environment
