UN Environment's Principles for Sustainable Insurance
A global sustainability framework and initiative of United Nations Environment's Finance Initiative

International Environment House, 15 chemin des Anémones, 1219 Châtelaine, Geneva, Switzerland
www.unepfi.org/psi | psi@unepfi.org | +41 22 917 8777

Moderator

- Butch Bacani, UN Environment

Guide questions:

1. What are key environmental, social and governance issues for the Argentinian insurance industry?
2. How are these key environmental, social and governance issues being assessed and addressed in the context of risks and opportunities across the following activities:
 - Risk management (risk assessment, risk analytics and modelling, risk reduction)
 - Insurance (across lines of non-life and life & health insurance)
 - Investment (across asset classes)
 - Insurance regulation and supervision
3. What are practical ways to build Argentinian insurance industry knowledge and capacity on environmental, social and governance issues across risk management, insurance and investment strategies and practices?
4. What role can the Argentinian insurance industry, SSN and FIDES play in promoting sustainable insurance thinking and practice?
5. What are practical next steps to shape the sustainable insurance agenda in Argentina?
6. How can the Argentinian insurance industry contribute to shaping the sustainable insurance agenda in the wider Latin American region?

1250-1300

4. Closing remarks

- Dr Juan Pazo, SSN
- Francisco Astelarra, FIDES
- Butch Bacani, UN Environment
