REGIONAL ROUNDTABLE
LATIN AMERICA AND
THE CARIBBEAN

5-6 SEPTEMBER 2017

Be part of the transition to a sustainable finance system as a partner in the inaugural United Nations Environment Finance Initiative Regional Roundtable for Europe. In the 25th anniversary year of the Finance Initiative, the 2017 Regional Roundtable will bring together leaders from across Europe to learn, collaborate, and advance our common sustainable finance agenda.

United Nations Environment Finance Initiative (UNEP FI) is a partnership between United Nations Environment and the global financial sector created 25 years ago at the 1992 Earth Summit with a mission to promote sustainable finance. Over 200 financial institutions, including banks, insurers and investors, work with UN Environment to address environmental challenges, and align finance with sustainable development goals.

As UNEP FI celebrates 25 years, partner with us to harness our unique capacity to convene decision-makers across banking, insurance and investment alongside public interest groups to spur transformation. The Roundtable will provide insight into next-generation approaches to financing, supporting a stable low-carbon economy, environment and society in the long-term.

Help raise awareness of practical steps to shape the global sustainable finance agenda. The Roundtable will showcase best practices in addressing environmental, social and governance impacts of financial products and services across organizations. Leading financial institutions will explore actions to mitigate risks and scale up green business lines.

Enable peer-to-peer learning and knowledge sharing across our regional hub. Our network of decision-makers and practitioners will cover the latest trends, tools, policies and practices to address challenges and develop opportunities for resilient growth.

Sponsorship will help raise awareness of the latest research, market leadership and issues on the horizon, helping put the progress made in delivering sustainable finance in Europe into an international context, as cities and regions compete to become sustainable finance hubs.

Join us to become part of market-leading innovation and thought leadership.

2017 REGIONAL ROUNDTABLES

UNEP FI is establishing Regional Roundtables to provide an opportunity for members and actors in the sustainable finance community in their own region to come together. 2017 marks UNEP FI's 25th anniversary, and in this landmark year, we are holding our first series of Regional Roundtables across three to five regions:

AFRICA AND MIDDLE EAST

Proposed timing:
November

ASIA PACIFIC

Confirmed timing:
11–12 December

EUROPE

Proposed timing:
16–18 October

LAT. AMERICA & CARIBBEAN

Confirmed timing:
5–6 September

NORTH AMERICA

Proposed timing:
18–20 September

Building on over two decades of successful Global Roundtables, these regional events are designed to create rich opportunities for UNEP FI members to connect with one another and to raise awareness of sustainable finance work in progress across banking, investment, and insurance. The events will provide insight into emerging knowledge and best practices of key environmental, social and governance topics and inspirational market leadership. The Regional Round-

tables provide an unprecedented opportunity to showcase and learn about cutting-edge sustainable finance practices and the future direction of the industry. Members will also have exclusive opportunities to participate in networking activities and workshops to engage key stakeholders and collaborate on initiatives aimed at changing finance and financing change.

The Regional Roundtable for Latin America and the Caribbean will take place on 5–6 September 2017.

WHO WILL BE THERE?

The 2017 UNEP FI Regional Roundtable for Europe is expected to attract 100–200 sustainable finance leaders from across the region. Leaders from financial institutions, industry associations, government, civil society, regulatory bodies, and academia will come together at the event.

Following the Regional Roundtable for Europe UNEP FI will also host its in-person Annual General Meeting in the Latin American host city.
