Sustainable Finance Activities in Latin America & the Caribbean
Overview of the project:

- Objective: To have an overview of Latin America & the Caribbean sustainable finance agenda;
- This is an unbiased, fact-based study;
- The information considers both our research and information that members and supporting institutions have provided UNEP FI with;
- We aim to update this information annually;
- Please feel free to send relevant comments and additional information to maria.sosataborda@un.org

BRAZIL | Sustainable Finance Activities 2/2

PROTOCOLS/SELF REGULATION/REGULATIONS:

2008: Brazil Protocolo Verde (FEBRABAN) and Sustainable Banking protocol;
2014: Central Bank of Brazil: Resolution 4327 on Social and Environmental Responsibility (CBC) [also replicated in insurance/investment sectors]
2016: Guidelines for Issuing Green Bonds in Brazil (FEBRABAN and Conselho Empresarial Brasileiro para o Desenvolvimento Sustentável - CEBDS)
2017: Brazilian Investor Statement sets out a manifesto for a strong Brazilian Green Bonds Market; an initiative of the Climate Bonds Initiative (CBI), Principles for Responsible Investment (PRI) and SITAWI Finance for Good.
2018: Financial Institutions and Deforestation Risk Management (FEBRABAN)
2019: Implementing the TCFD recommendations: a roadmap for the Brazilian banking sector and “Climate Risk Sensitivity Assessment Tool – Implementation Guide for Banks” (FEBRABAN) and pilot country for the Drought Stress Tool;
2019: Green Bond Transparency Platform (GBTP): a new innovative digital tool (announced at an IDB event at COP25 in Madrid) will bring greater transparency to the Latin American and Caribbean green bond market.

INITIATIVES:

● 2017: UNEP FI with PRI: prepared the Brazil Fiduciary Duty Roadmap;
● 2017: Energy Efficiency Policy Tool Kit is being drafted (including recommendations from the Energy Efficiency and Finance Task Group (EEFTG).
● 2017: First country for the Global Environment Facility (GEF) Good Growth Partnership ‘Taking deforestation out of the soy supply chain’;
● Measuring Financial Resources for the Green Economy (FEBRABAN, annually from 2013 to 2019)
● 2019: UNEP FI LAC Regional Roundtable -São Paulo

ADDITIONAL INFORMATION:

● Central Bank has a new Sustainability Policy and Committee for its operations and has started to compare banks’ E&S risk evaluation and action plans with its own views and evaluations since 2018.
● Brazilian Financial Industry has incorporated the principles of the Green Economy into its operations.
● Brazilian Development Association (ABDE), IDB and the Securities Commission (CVM), in partnership with GIZ: launch of the Financial Innovation Laboratory (LAB): brings together government & society representatives to promote sustainable finance in the country and Investors for Climate (IPC) is a platform launched by Sitawi Finance for Good and ICS in partnership with Principles Responsible Investment and CDP (formerly Carbon Disclosure Project).
● Member of Sustainable Banking Network (SBN): Central Bank of Brazil (2012) and FEBRABAN (2017)
CHILE | Sustainable Finance Activities

INITIATIVES:

- **2017**: A Chilean Banking Survey was carried out and published by UNEP FI and the Development Bank of Latin America (CAF). Only 36% of Chilean banks have an ESG internal system implemented.

- **2018**: Santiago Stock Exchange (BCS) launched a Green and Social Bond Segment, based on the Green Bond Principles (GBP) and Social Bond Principles (SBP) of the International Capital Market Association and the Climate Bonds Initiative. The second largest LAC green bond market by amount issues (USD3.1bn), third by number of bonds (six) and third by issuers (four). Sovereign green bonds could be an important catalyst in the country’s transition towards a low carbon economy. The 2019 issuances, in USD and EUROS, totaled USD1,418 million, EUR 861 million (USD 947 million equivalent), respectively.

- **2019**: Public-Private Working Group on Green Finance launched in July, led by the Finance Ministry, in collaboration with UNEP FI, IDB & the British Embassy Santiago. Products: Survey to the banking, investment & insurance sectors; Green Agreement; Supervisory Statement & Road Map (2020 - 2024). All these products revolve around Climate Change & Task-Force for Climate-related Financial Disclosures (TCFD)

- **2019**: Financial Strategy on Climate Change led by the Finance Ministry and launched at COP 25.

- **Up to 12/2019**, the Green Climate Fund (GCF) approved 4 projects for Chile (1 public & 3 private, one of them regional). Projects investment only for Chila amount USD 1.4 billion and have a potential of reduction of 51.1 tons of CO2 equivalent.

- **2019**: Self-Supply Renewable Energy (SSRE) in Chile (NAMA Support Project). CORFO is a partner on the financial component.
