2. PRB Implementation in 2022

Puleng Ndjwili-Potele, UNEP FI

2022 Banking Workplan

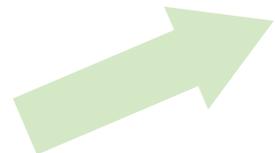

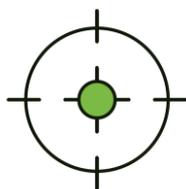

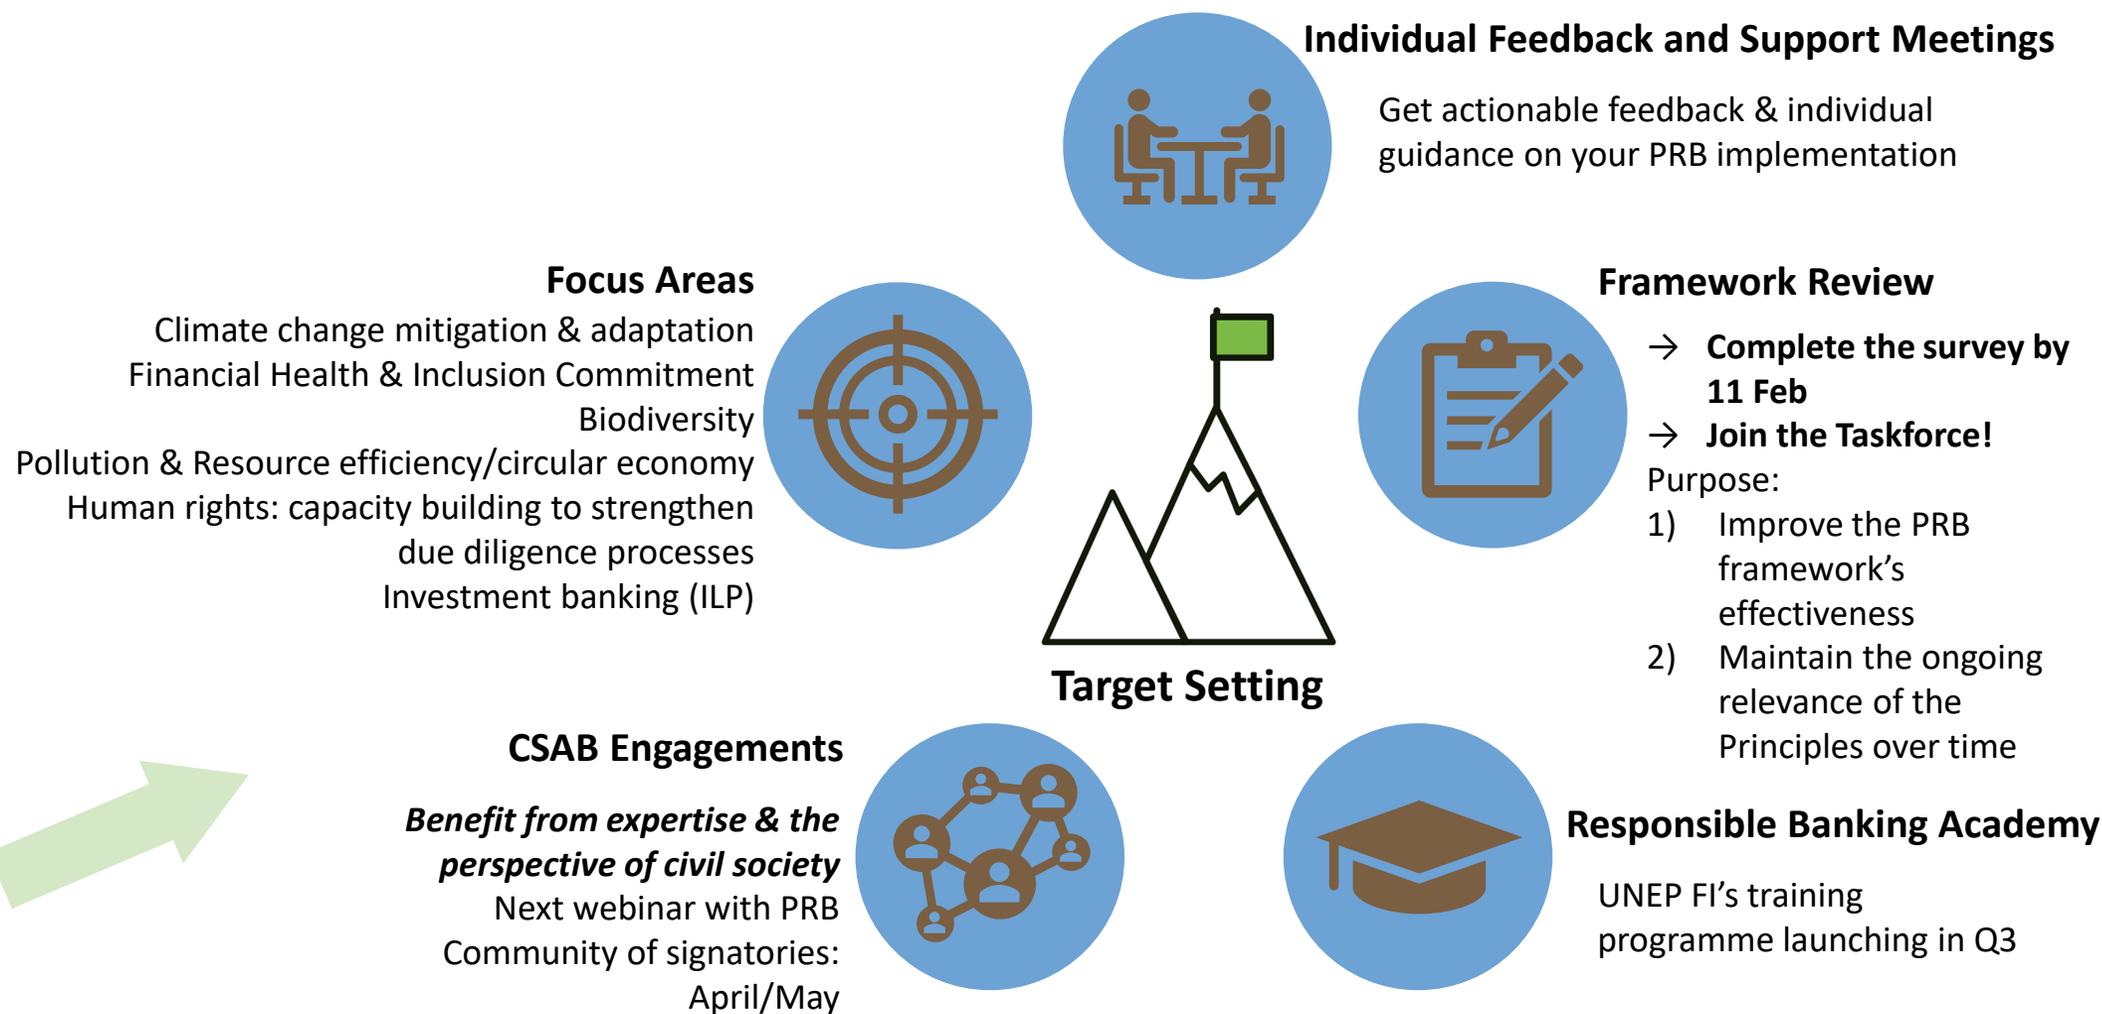

The 2022 Workplan for UNEP FI Member Banks lays out the key banking projects, activities and training across UNEP FI, enabling you to get involved and join your peers in building a sustainable future.

Get involved and help us build a positive future—for people and planet!

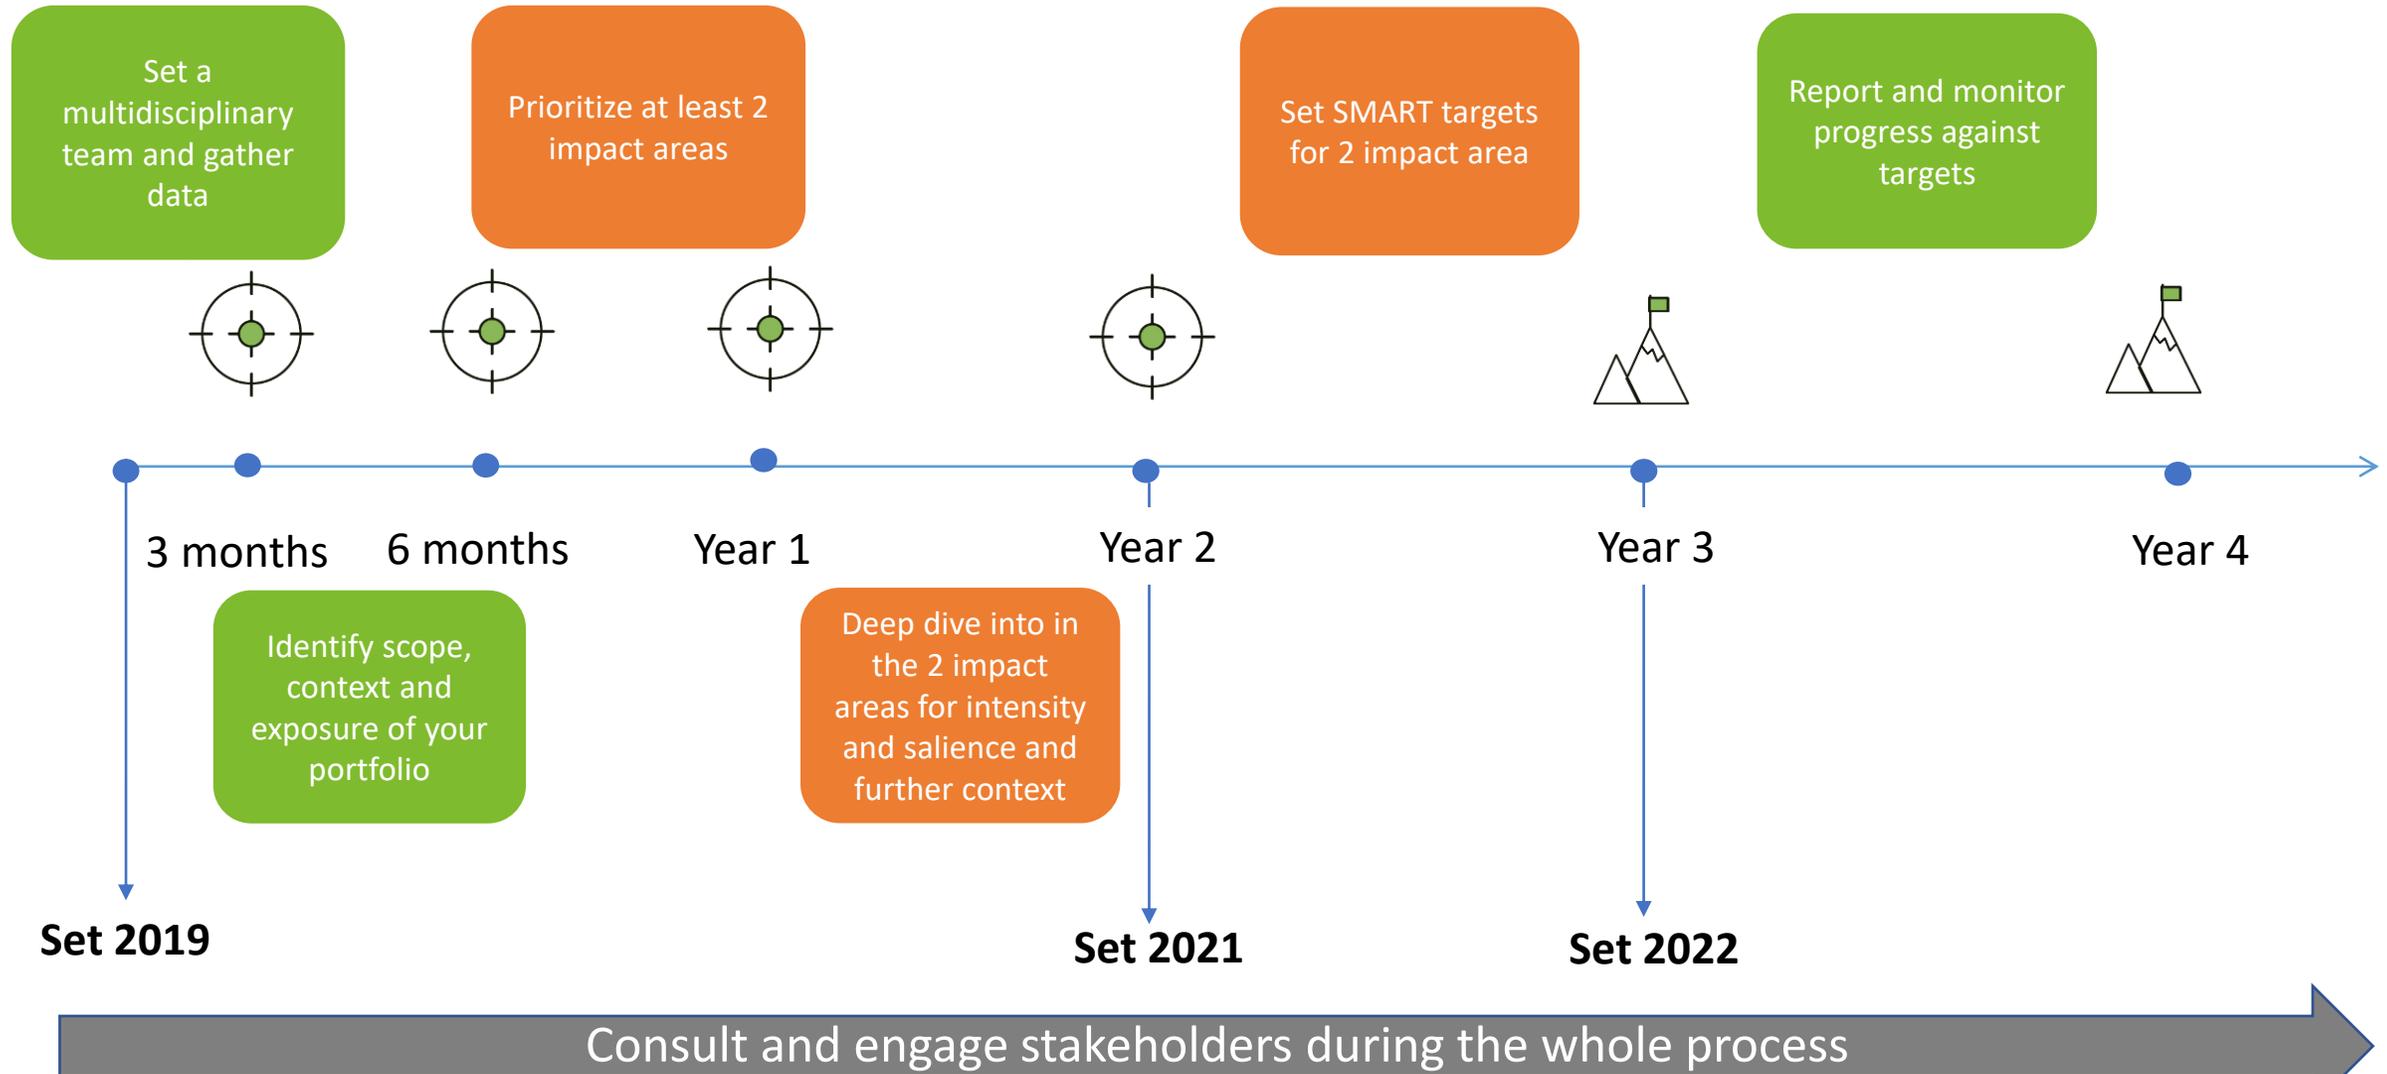

Download the workplan [here](#).

Priorities for 2022

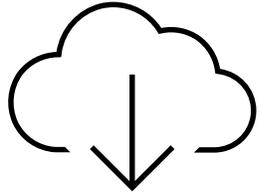

Impact Analysis

Suggested timeline

Implementation Support activities for impact analysis and target settings

Overview

On boarding process

For new members

- Onboarding call
- Workshops about impact analysis and target setting

Working groups

Members can learn with each other and develop new contents

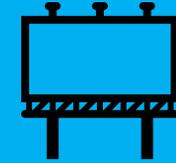

Impact Analysis WGs

- Impact Tool (costanza.ghera@un.org)
- Peer Exchange (maria.sosataborda@un.org)
- Target Setting WGs

Regional activities

Webinars, workshops and translated materials

Impact Guidance Review

- Case studies
- Suite of Impact Analysis Tools
- Stand-alone impact mappings
- V3 Portfolio Tool; V2 Investment Tool

One-on-one support

30m call for specific questions (specific periods)

Support sessions on the Impact Analysis Tools

Monthly sessions

Individual Review

Annual feedback after 1st Reporting

Target setting [1/2]

These target setting working groups & workshops focus on practical approaches to measuring your performance (intensity/salience), defining your baseline and setting your SMART targets.

Climate Mitigation

- [Complete the survey](#) to help us target our support
- **WG**: Join NZBA to be part of a community setting ambitious net zero targets (contact alice.anders@un.org)
 - NZBA falls within implementation of a bank's overarching commitment to the PRB framework
- **Regional capacity building workshops**
- Peer learning sessions hosted by NZBA (every 2 weeks) (contact alice.anders@un.org)

Climate Adaptation

- Paper on **approach to adaptation alignment**
 - If your bank is advanced on this topic, get in touch with johanna.dichtl@un.org and Paul.Smith@un.org

Target setting [2/2]

These target setting working groups & workshops focus on practical approaches to measuring your performance (intensity/salience), defining your baseline and setting your SMART targets.

Financial Health and Inclusion Commitment

- **WG:** Q2 & Q3 - Signatories can participate in **curating common indicators for target setting** (contact Puleng: tumelo.ndjwili-potele@un.org)
- Q4 - **Practical support** for setting targets, including workshops at **regional level**

Biodiversity

- Capacity building for a **community of banks** on building blocks for target setting (contact oualid.rokneddine@un.org)
- **WG:** Small WG of banks ready to **set targets with step-by-step guidance from the Secretariat** (contact oualid.rokneddine@un.org)

Pollution & Resource Efficiency

- **WG:** Small WG of banks ready to **set targets with step-by-step guidance from the Secretariat** (contact peggy.lefort@un.org)

Get engaged

One-on-one support

Members can have a 30m call for specific questions about impact analysis

Click [here](#) to book your appointment (14 Feb - 04 March).

Webinar “From impact analysis to target setting”

Click [here](#) to register for the webinar on 24 Feb at 2pm CET

Support sessions on the Impact Analysis Tools
Monthly sessions

Click [here](#) to get more information about the Impact Tool sessions

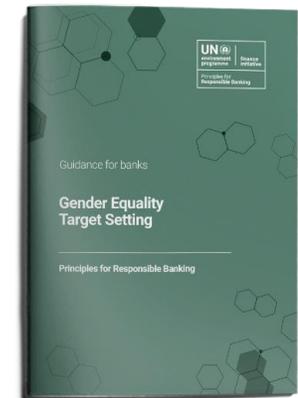

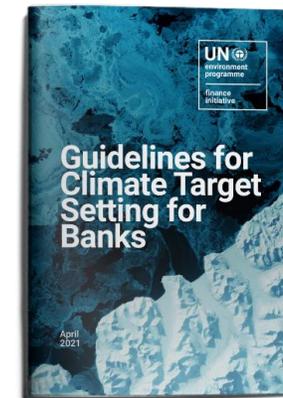

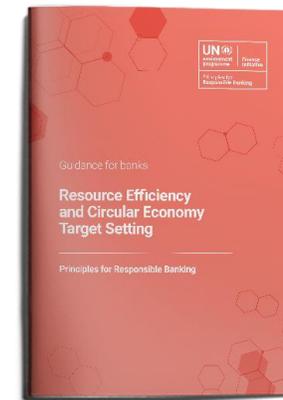

Get engaged: New resources

→ **NEW!** View the [Interactive Guidance on impact analysis](#) and [Check List for your next reporting](#)

→ View the [updated PRB Guidance Document](#) with guidance & resources per Principle

→ [Click here](#) to view and download the range of PRB guidance

→ Access additional resources in the [Members Area](#) (pswr: unepfi)

Regional activities

<p>Regional Workshops Pragmatic approach to doing your impact analysis and set targets through case exercises, step by step, practical lessons and group discussions</p>	<p>One-on-one support Support banks in their journey of impact analysis and target setting through individual engagements.</p>	<p>Translations Offer translated materials and guidance in other languages.</p>	<p>Regional Webinars Opportunity to learn about different topics, publications, resources and tools.</p>
--	---	--	---

Q1	Q2	Q3	Q4
----	----	----	----

Impact analysis workshops:
16th Feb at 1pm CET: MENA, SSA
March: Asia (English), Europe
April: China, Japan, Korea

Workshops for setting targets: climate change

LAC	Africa	Asia
-----	--------	------

Workshops for setting targets: financial health & inclusion
LAC, MENA, SSA and Asia

One-on-one support

Regional Webinars: Climate, Biodiversity, Circular Economy & Resource Efficiency
Asia, EU, LAC, MENA, NA, SSA

Your Regional Coordinator will be in touch with specific dates

3. Climate Activities

Remco Fischer, UNEP FI

Industry-led, UN-convened
Net-Zero Banking Alliance

3.1 Introducing the NZBA

Objectives, Structure and Plans for 2022

103

banks

HQ'ed in

40

countries

operating in

139

countries

43%

global banking assets

The Net Zero Banking Alliance is the climate-focused element of the PRB.

For PRB Signatories, it is an accelerator that provides a dedicated forum to shape the net zero journey of the banking industry.

Through its work programme, it provides **technical guidance, peer learning and capacity building** to facilitate the development of credible, science-based net zero targets in line with an ambition to limit global heating to 1.5°C degrees and following the latest science and the Paris Climate Agreement.

Members commit to setting targets for 2030 and 2050, at the latest, in line with credible 1.5°C scenarios.

Net Zero Banking Alliance work tracks

Sector

Creating expanded and practical guidance to augment the NZBA Guidelines for Climate Target Setting for Banks, working through the 9 NZBA priority sectors.

Current Sub tracks:

Oil & Gas

Power Generation

Real Estate

Implementation

Creating positions and guidance to support members with their implementation of the commitment and provide a voice for the banking sector on the topic of net zero and alignment.

Sub tracks:

Data & Methodologies

discussing, e.g., offsets, baselining/footprinting, reporting

Financing & Engagement

discussing transition finance

Outreach & Recruitment

Developing and rolling out region- and needs-specific materials to support banks' climate target setting journey. Growing the reach of the alliance through proactively engaging with members, stakeholders and industry actors.

If you would like to join the Net-Zero Banking Alliance, please reach out to alice.anders@un.org

Responsible Banking

3.2 Physical climate change, adaptation and resilience

Physical climate change, adaptation and resilience

Timeline of physical risk, adaptation & resilience work at UNEP FI:

2021: Ten UNEP FI members – including seven members of the PRB – launched the UNEP FI and Global Commission on Adaptation-convened Physical Risk & Resilience Commitment at the Climate Adaptation Summit, committing to disclosing their climate-related physical risks within 2 years, as well as providing the platform for a Practical Guide to Physical Risk Disclosures, co-authored by the World Resources Institute.

For more information, contact [Remco Fischer](#) or [Paul Smith](#).

Climate adaptation

Climate change adaptation is an increasingly important area of work ahead of COP27

Adaptation in the Paris Climate Agreement:

Article 2 1c

Making finance flows consistent with

- a pathway towards low greenhouse gas emissions

covered under mitigation workstreams (PRB capacity building; NZBA work tracks)

- and climate-resilient development.

currently missing from our definition of “Paris alignment”

Article 7.1

Parties hereby establish the global goal on adaptation of **enhancing adaptive capacity, strengthening resilience and reducing vulnerability to climate change**, with a view to contributing to sustainable development and ensuring an adequate adaptation response in the context of the temperature goal referred to in Article 2.

Climate adaptation

From Q2 on:

Explore the increasingly important topic and develop recommendations on how PRB banks can approach adaptation

Starting point: physical risk assessments of banks, plus aspects to make systems more resilient

Deliverable: a conceptual paper to be developed with a group of select banks and reviewed by relevant stakeholders and experts on the topic

Interested in joining the group? For more information, contact [Johanna Dichtl](#) and [Paul Smith](#).

3.3 TCFD and climate risk programs

OVERVIEW OF THE UPCOMING TCFD AND CLIMATE RISK PROGRAMS

THE PROGRAM WILL COMBINE LEADING-EDGE CONTENT DEVELOPMENT WITH EXTENSIVE OPPORTUNITIES FOR PEER AND EXPERT DIALOGUE

Content webinars and trainings

- Bi-monthly webinars with climate risk experts
- Experts include climate scientists, modelers, regulators, and industry leaders
- Opportunity for peer dialogue and discussion of key issues
- Specific trainings on TCFD pillars and good disclosure practice

Regional programming

- Potential to establish regional working groups based on interest
- TCFD implementation in various regions with development banks
- Expansion of TCFD workshops in regions where UNEP FI worked in 2021 and collaboration with local regulators
- Updated TCFD and CC online course, and integration of content into PRB academy

Interactive working groups

- Small topic-focused groups
- Aim of establishing communication between participants, their peers, and experts
- Participants will be able to undertake practical exercises and piloting
- Working groups will be used to develop tools and resources for practical use

This program will offer on-going support to help participants advance their climate work throughout their organizations

TCFD AND CLIMATE RISK PROGRAM LOGISTICS

THE PROGRAM WILL CONTINUE TO PROVIDE OPPORTUNITIES TO LEARN FROM EXPERTS AND PEERS IN A SUSTAINED AND TARGETED WAY

Key information

- **Potential working groups**
 - Climate stress testing
 - Climate scenario analysis
 - Net-zero underwriting
 - Physical risk data
 - Legal risks
 - Others based on participant interest
- **Program timeline**
 - Public preview event – 14th Feb. 2022
 - Participation consultation calls – Feb-March. 2022
 - Programme kickoff - April. 2022
- **Program costs**
 - Annual costs will be similar to prior pilot costs
- **Program access**
 - All participants can access tools and resources created in this and prior phases₁

Potential partners

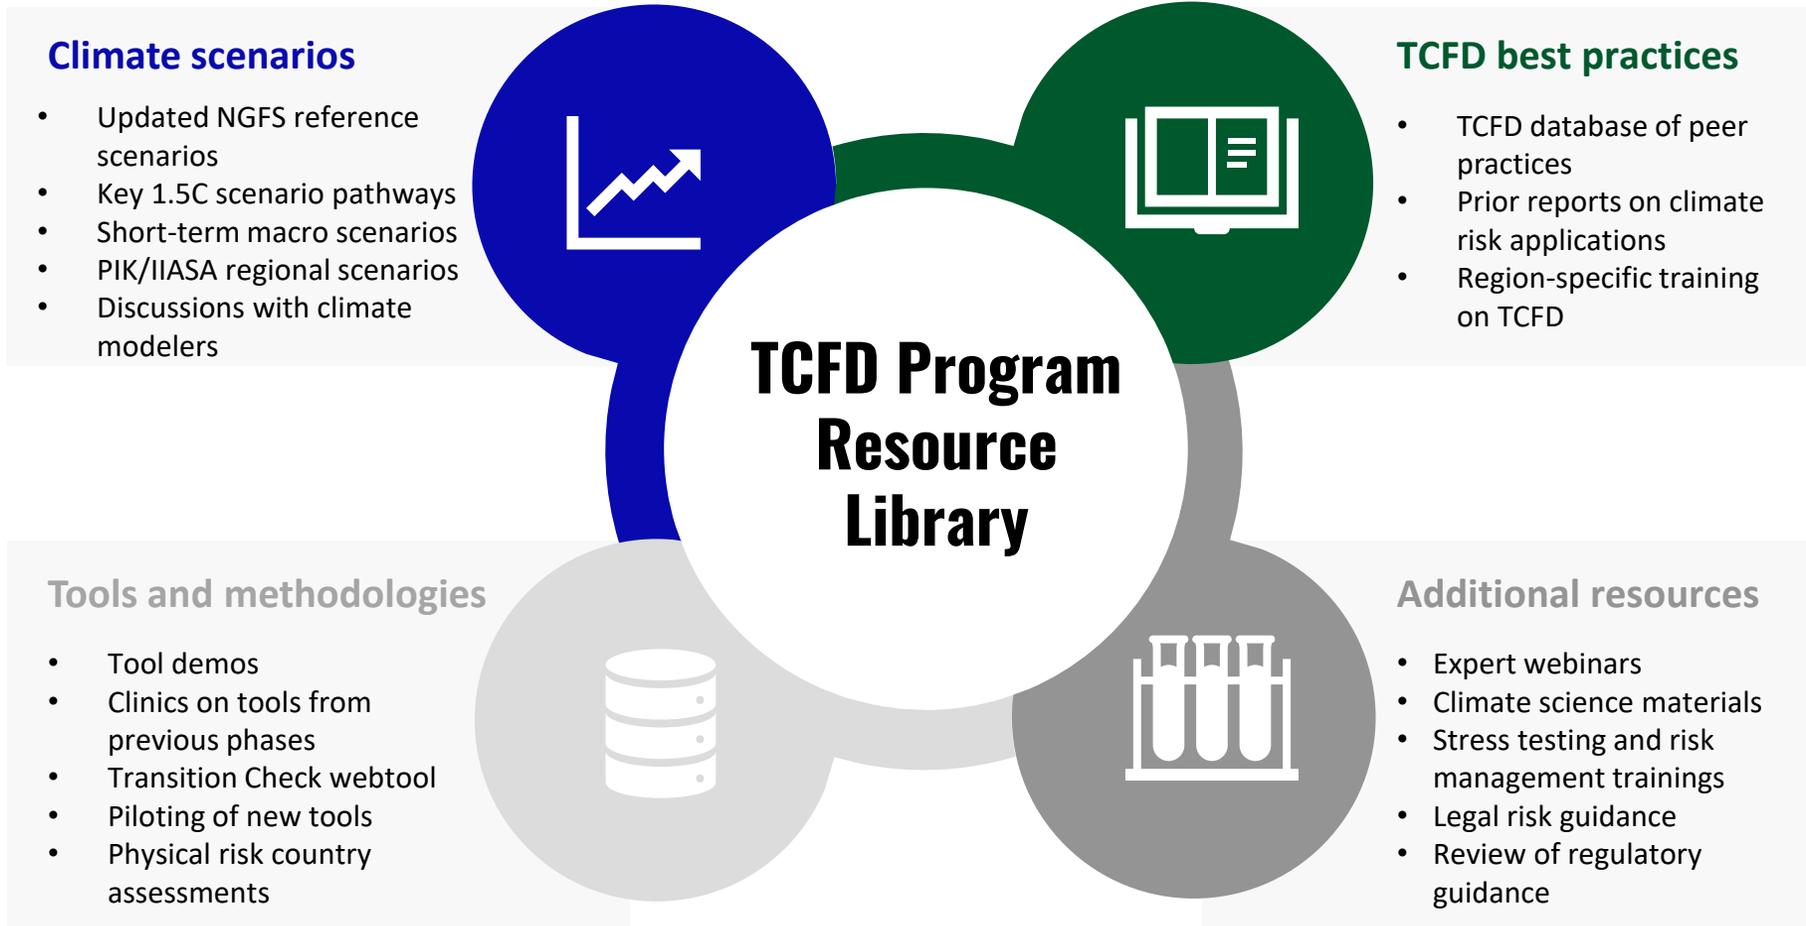

To learn more, please [register here](#) for our free webinar on Feb 14th

1. Some third-party commercial tools may be limited

PROGRAM RESOURCES

PARTICIPANTS WILL HAVE ACCESS TO A WIDE RANGE OF PAPERS, WEBINARS, FRAMEWORKS, AND TOOLS

A person with long brown hair, wearing an orange jacket and a bright green life vest, is seen from behind on a boat. The background shows a body of water and a hazy, sunlit landscape. A dark diagonal bar is overlaid on the left side of the image.

4. Nature & Biodiversity Activities

Dennis Fritsch, UNEP FI

Strategy for 2022 – 4 pillars (I)

Strategy for reaching impact goal / addressing barriers:

All linked / mutually supportive

Portfolio Alignment:

1

Identify opportunities and effectively support members to **align financial portfolios with global nature goals**

- GBF alignment – need for Board awareness & ambition level
- Sectoral focus: food/agriculture
- Update PRB guidance post-GBF
- Formally link to *Finance for Biodiversity Pledge* for leaders

Risk & Disclosure:

2

Advance the development of norms, tools and approaches for nature-related **risk management and disclosure**

- TNFD launch of the Beta Framework (0.1)
- TNFD piloting program

Enabling environment

3

Support developments in the science-policy-regulatory enabling environment with and for members, esp. using/developing the **ENCORE framework**

- ENCORE phase II project: 2022-2026
- ENCORE biodiversity module

Strategy for 2022 – 4 pillars (II)

Strategy for reaching impact goal / addressing barriers:

All linked / mutually supportive

4

Support FIs with approaches 1-3 via illustrating / supporting / encouraging good practice in **key sectors and ecosystems (food and oceans)**

Food Systems

Partnered with CFU

GOOD GROWTH PARTNERSHIP

(2018-2022)

Good Food Finance Network

(2021-2023)

THE RESTORATION INITIATIVE

(2019-2023)

- **High Ambition Group** – target setting & roadmaps
- **Banking for Impact on Climate in Agriculture (B4ICA)** – catalyst group
- Deforestation-free portfolios – banking contact group and proposal
- Joint work with the UNEP Climate Finance Unit – (i.e., Green Finance For Sustainable Land Use (GF4SL); FACC – Innovate Finance for the Amazon, Cerrado and Chaco

Sustainable Blue Economy

Partnered with UNEP marine team

- **Risk, Disclosure & portfolio alignment:** Support PRB target-setting; ENCORE marine module; TNFD marine pilot; implementation of SBE Principles and Guidance; Guidance 2.0; exclusions list
- **Mainstreaming & training:** PRB capacity building
- **Enabling environment:** Public finance guidance

PRB Activities in Biodiversity

In 2022, two platforms for PRB banks to engage on biodiversity, designed for different maturity levels:

PRB Biodiversity Community

- Community of member banks **starting their journey** and interested in **building capacity in biodiversity**
- Series of **modules & learning sessions**.
- Participants will benefit from specific **resources**, UNEP FI & external **biodiversity experts**, and targeted **peer-learning**.
- Topics to be covered include **biodiversity 101, portfolio impact & dependencies, product innovation**, sectoral target setting in **sustainable food systems** and **mining**, link between **net-zero transition & biodiversity**

Contact: [Oualid Rokneddine](#)

PRB Target Setting Working Group

- For signatory banks **ready to start setting their biodiversity targets**,
- The WG will provide **practical steps** and guidance on how to set your bank's biodiversity target in line with PRB requirements - putting the Biodiversity Guidance Document into practice

Contact: [Jessica Smith](#)

5. SDGs & Impact

What's Up for Banks Webinar

8th February 2022

Two core focus areas

Protocol for Impact Analysis & Management

Ensuring members develop a robust and transparent approach to identifying and managing their positive and negative impacts across the SDGs, in compliance with Principle 2 of the PRB.

> Impact Radar, Mappings, Tool + Support Activities

<https://www.unepfi.org/positive-impact/positive-impact/>

Impact Management Platform

A collaboration between leading providers of public good standards and guidance to address the gaps deliver a complete and coherent system of norms for impact management. Co-Chaired by OECD & UNEP FI.

<https://impactmanagementplatform.org/>

Impact Analysis

Implementation support

Further information about the dedicated support sessions on the Bank Portfolio Tool:

- Every month, morning and afternoon sessions (8.30 am & 4.00 pm CET)
- Structured around frequently asked questions
- Log of FAQs, past decks and recordings available on UNEP FI website/[PRB members area](#)

Next sessions:

- Worked example: February 23rd
- Getting started & scoping: March 23rd
- Identification of significant impact areas: April 20th
- Consumer Banking: May 18th
- Impact Assessment: June 15th

Open to all members

Registrations: UNEP FI website/[PRB members area](#)

Impact Analysis

Protocol development

Impact Radar & Mappings

The Radar is the collection of impact areas to consider for holistic impact management across the SDGs.

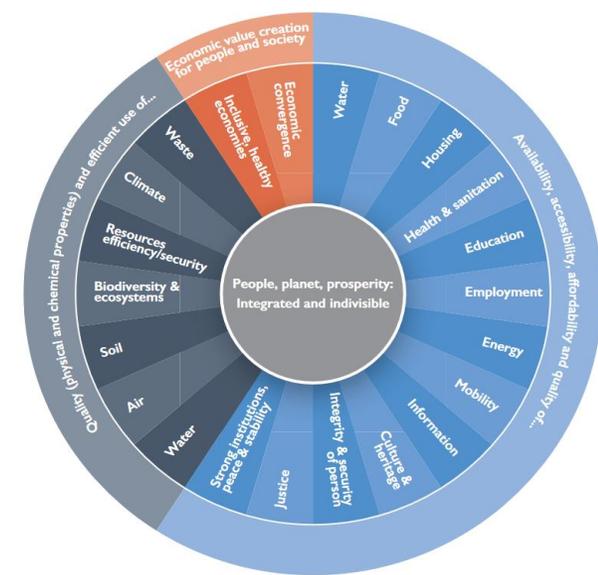

The Mappings build on the Radar to:

- * track positive and negative associations between the impact areas and different sectors, activities and assets
- * Assess the level of global, country or local needs vis a vis the impact areas

<https://www.unepfi.org/positive-impact/impact-radar-mappings/>

After 3 years of use in the different Tools, a revision process was initiated last year to enhance clarity and completeness. The revised Radar & Mappings will be available in June, as standalones as well as embedded in a new iteration of the Bank Portfolio Tool.

For more information, please contact: Alexander.Stopp@un.org

Impact Analysis

Protocol development

Impact Tools

The Impact Analysis Tools are iterated on an on-going basis based on user feedback and demands

- This year the tools are moving to ‘modular’ format
- First release: Bank Portfolios, in June
- Followed by: Corporates (development process in collaboration with VRF), in October

For more information, please contact: Costanza.Ghera@un.org

Current tools available online: www.unepfi.org/positive-impact/unep-fi-impact-analysis-tools

Impact Management Platform

Workstreams and engagement

Workstreams

1. Next iteration of the actions and landscape of impact management
2. Enabling interoperability and related content development
3. R&D agenda with associated deliverables

Community Engagement

- Consultations with practitioners to feed into next iteration
- Feedback on R&D agenda and relevant organisations involved in delivery of agreed deliverables
- Engaging with relevant practitioner audiences

Policy Engagement (as appropriate)

- IFRS
- G20
- G7
- EU IPSF, EFRAG
- OECD
- UN: UNGA, COP, MOP

Thank You

Responsible Banking

6. Pollution & Circular Economy

Peggy Lefort, UNEP FI

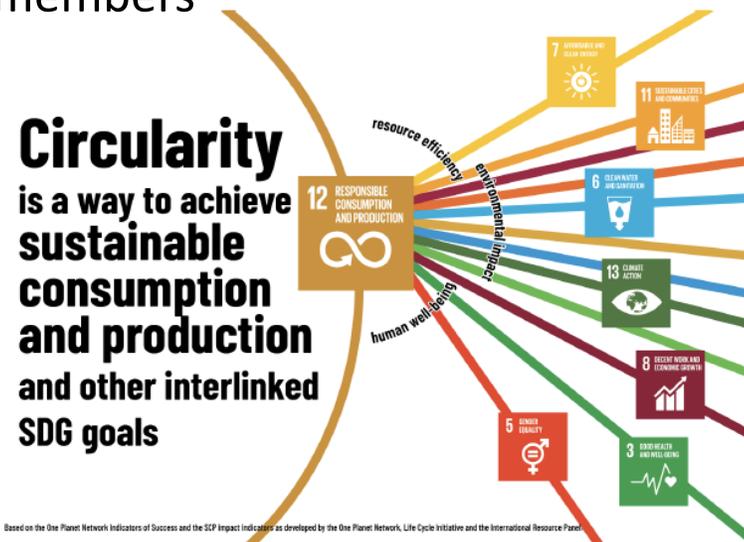

New Pollution & Circular Economy Thematic

Why a new Workstream?

- Human right to a clean, healthy and sustainable environment
- Unsustainable production and consumption patterns as a root cause of pollution, nature loss and climate change
- Resource efficiency as one of the most significant impact areas for our members

What will it bring to our members?

- Raise awareness on the interlinkage between climate, nature, pollution and circular economy
- Increase our members' knowledge and capacity
- Better assess risks and identify opportunities
- Contribute to delivering on Net Zero commitments and climate & nature agendas

Key participation opportunities

1. A global working group

with sectoral focused sub-groups

(further details next slide)

2. Global and regional support

to raise awareness and implement the Guidance

3. Regional interest groups and research

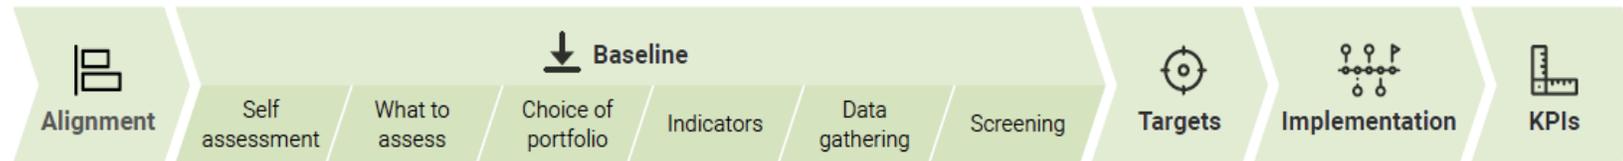

on financing a circular economy

(Latin America and the Caribbean, Africa)

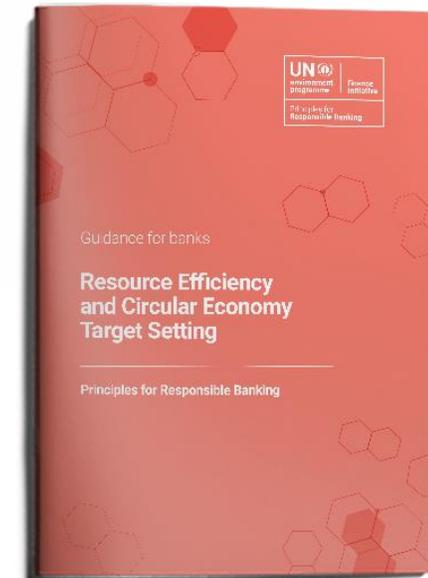

Join the PRB Working Group

For any further information or if you want to join the Resource Efficiency and Circular Economy Target Setting Working Group as from February 2022 and get the opportunity to :

- **test** the step-by-step methodology proposed in the Guidance,

- get **hands-on support to set targets** on resource efficiency and circular economy,
- provide **feedback** and recommendations to develop enhanced guidance to Signatory Banks on resource efficiency and circular economy target setting,
- participate to a **peer-exchange** and share **case studies**,
- join a sub-group with a **sectoral focus**,
- co-develop **version 2.0 of the Guidance**,

Please contact Peggy Lefort at peggy.lefort@un.org

Investment
Leadership
Programme

7. Investment Leadership Programme

2022 activities

Goals and Objectives

Main Goals of the ILP:

1 A focus on achieving real world impact in alignment with
1) SDGs and 2) Paris Agreement

2 Cross industry collaboration and knowledge transfer
e.g. PRI-PRB-PSI-SSE

Key Project Types and participation opportunities:

1 **Investor Leadership Projects**

Strategic engagement

- Net Zero Asset Owner Alliance
- Legal Framework for Impact

2 **Cross-industry Collaborations**

Active engagement with investors

- **ESG Integration by Investors & Banks (Loan-backed products)**
- Sustainable Commodities / Good Food Collaboration

3 **Thought pieces**

Interviews, best practice sharing

- **Purpose of the Financial System**
- **Sustainable Investment Banking Roadmap**
- How investors can respond to Post-22 Biodiversity Framework

4 **Tools**

Working groups

ILP Banks Roster

Two options for participation:

1

Express general interest in the ILP and interactions with investors

2

Express interest in a specific project or topics

To join:

Please contact [Elena Koritchenko](mailto:elena.koritchenko@un.org) [elena.koritchenko@un.org]

Responsible Banking

8. EU Taxonomy

Daniel Bouzas, UNEP FI

EU Taxonomy [1/2]

Practical approaches to applying the EU Taxonomy to bank lending—

Launch on 15 February ([register here](#))

- Based on Banks' generated content
- Practitioners' view
- Explanatory examples
- Operational application

Scope:

The usability of the EU Taxonomy for bank lending products, assessing its mandatory and voluntary uses.

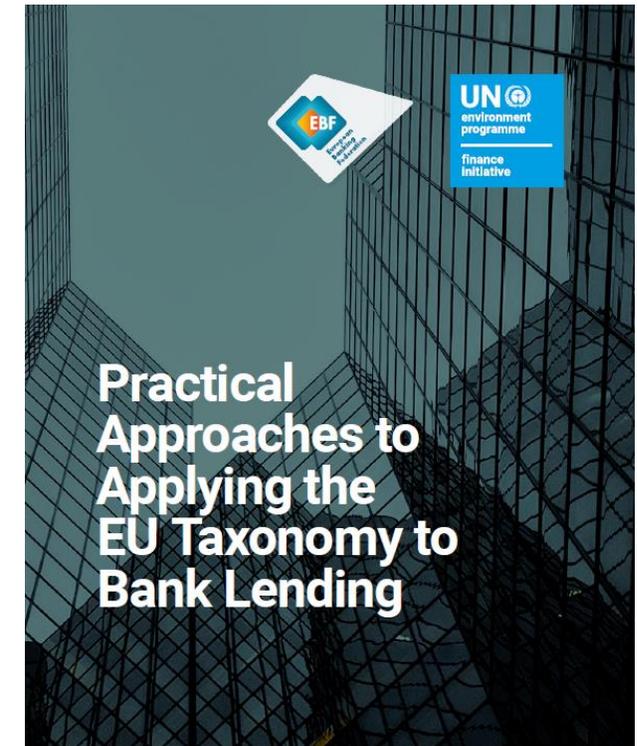

3 sections:

Mandatory application of the EU Taxonomy

- Section A: EU Taxonomy for disclosure purposes - Article 8 DA – GAR

Non-mandatory application

- Section B: internal management frameworks to gather EU Taxonomy relevant information from – non-NFRD companies (SMEs & Non-EU)
- Section C: Explores how the EU Taxonomy could be used to **engage with clients with taxonomy eligible but not aligned activities**, including **using EU Taxonomy for target setting**. It further explores other **transition financing options** such as those based on transition plans of companies.

EU Taxonomy [2/2]

Next steps (possible avenues of action):

- We envisage to continue working on the EU Taxonomy as a **tool for target setting and transition finance** (building on the outcomes on section C of the report) – possible connections with PRB / NZBA
- **Banks to let us know their interest! – collaborative actions TBD**
- Continued role for UNEP FI in the EU PSF & IPSF
- Further options of collaboration with the EIB are in the pipeline
- Further projects with the EBF will also be studied

To get involved, please contact [Daniel Bouzas](#)

Principles for
Responsible Banking

9.1 Responsible Banking Academy

Liesel Van Ast, UNEP FI

Responsible Banking Academy [1/2]

UNEP FI is partnering with the Chartered Banker Institute to launch a Responsible Banking Academy (RBA) in the second half of 2022.

The Academy's training content will focus on topics such as:

- Principles for Responsible Banking and target setting including climate.
- Climate-related financial risks and opportunities
- Aligning banking with the UN Sustainable Development Goals (SDGs)
- Key policy and regulatory frameworks
- Sustainability in financial reporting, governance, strategies and policies.
- Supporting customers on their sustainability journeys.

Accessibility: Training will be made available through an e-learning platform and for banks to integrate into internal learning and development provision, with preferential rates for PRB signatories.

Members are invited to help UNEP FI shape training for the banking industry of the future by joining a newly formed **UNEP FI's Curriculum Advisory Committee!**

Responsible Banking Academy

UNEP FI's Curriculum Advisory Committee

Aims to provide insight and guidance on the design, development and delivery of the education and training programmes of the Responsible Banking Academy.

Launch: February 2022

Duration: 12 months

Role:

- Provide advice on the design, development and delivery of Responsible Banking training
- Contribute to decision-making on curriculum and syllabuses

Commitment: Provide written feedback on key documents and participate in online meetings bi-monthly until the Academy launch in October, quarterly thereafter.

Benefits: Keep your organisation updated on training developments and help ensure the structure and content of the Responsible Banking programme meets the industry's needs.

To express interest in joining the Committee or providing informal feedback, please contact

Karolina.Pajor@un.org.

The background of the slide features a person with long brown hair, seen from behind, wearing an orange jacket and a bright green life vest. They are on a boat, with their hand resting on the edge. 9.2 2022 UNEP FI Trainings

Liesel Van Ast, UNEP FI

Current training available

Environmental & Social Risk Analysis (ESRA)

To educate banking employees with a focus on emerging markets on the identification, analysis and management of *environmental and social risks* generated through their lending and investment activities.

Languages: English, Spanish, Chinese

Duration: 3 weeks

Timing: Courses run from March to November.

Climate Change & the TCFD: Risks and Opportunities for the Financial Sector

To help banking professionals understand how to undertake TCFD-responsive assessments & disclosures based on the learnings from UNEP FI's pilot groups on TCFD implementation.

Languages: English, Spanish, French

Timing: Courses run from March to November.

To find out more, visit [Training – United Nations Environment – Finance Initiative \(unepfi.org\)](https://www.unepfi.org/training)

Or contact Carolina.lopez@un.org or Yushan.zhang@un.org

The background of the slide features a person with long brown hair, seen from behind, wearing an orange jacket and a bright green life vest.
