## Webinar for banks on the Kunming-Montreal Global Biodiversity Framework

[Register now](#) | 9 February 2023 16:00 CET

The Kunming-Montreal Global Biodiversity Framework (GBF) adopted in December last year sets goals and a framework for actors across the society, including financial institutions like your bank, to take action on nature.

To help you navigate through this new framework, we will be hosting a webinar "Kunming-Montreal Global Biodiversity Framework: from the drawing board to action" on Thursday, 9 February at 16:00 CET. You will learn directly from experts from our team and CDC Biodiversité about the implications of the framework for banks, as well as how to set targets in alignment with the framework.

For more information on the GBF and the finance sector, please visit [this page](#).

---

## What's next in 2023?

A [comprehensive guide](#) to the programme of the Principles for Responsible Banking in 2023 is now available online. In "What's next in 2023?", you will discover a range of activities, tools and training opportunities available exclusively to signatories of the Principles this year. No matter which areas of most significant impacts you have chosen to work on, what your needs are, and which region your bank operates in, you will be able to find something that assist you in your journey of embedding the Principles.

[Register now](#) | 23 February 2023 9:00 CET & 16:00 CET

To help you explore this year's offering, a webinar will also be held on 23 February, where you will hear from members of our expert team introducing our vision for the future, as well as the working groups, activities and training opportunities available to you this year. Don't miss this chance!

## Webinar: Hear from your Civil Society Advisory Body on climate, nature and just transition

[Register now](#) | 7 February 2023 13:00 CET

Our Banking Board invites you to meet your [Civil Society Advisory Body \(CSAB\) members](#) on Feb 7th, 2023. In this webinar, CSAB members will share their recommendations on net-zero, nature and other issues related to the Principles for Responsible Banking membership and respond to your questions.

**Agenda:**

1. **Recommendations on net-zero targets** by Ceres and Share Action
2. **Integrating nature into climate action** by WWF and Conservation International
3. **Ensuring a just and fair transition** by the International Labor Organization (ILO) and Business & Human Rights Centre
